Dear Jack,

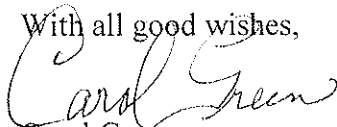

The party is over, but the results of the Glasser/Schoenbaum Human Services Center's The Art of Caring Anniversary Event will have a positive effect on our community for years to come.

We celebrated our anniversary, created collaboration with Arts and Human Services Communities, honored Dr. Glasser, increased visibility for the Center and raised approximately \$100,000.

The one major reason that the event was so successful is because of you. Your support and any acts of kindness has not only supported the Center and the Arts Community, but you have supported the 17 agencies on our campus, the 11,000 people they serve each month and those whose lives are enhanced through the joy of the performing and visual arts organizations. You have touched the lives of many.

Thank you, for all you do for our wonderful community.

With all good wishes,

Carol Green
