7015 Professional Pkwy E
Sarasota, FL 34240

Dear Mr. Rees:

Anatole France, French poet, journalist and novelist, said, "Nine-tenths of education is encouragement" and we couldn't agree more. Your support of the students and teachers of Hillsborough County provides not only needed resources, but the encouragement that they need to succeed.

Our youth are our future, and with your help a child's success is possible. We thank you for your gift of \$300 to support the HCPS Office of Supplier Diversity Fund. Your gift will enable us to continue enhancing public education in our community.

Thank you again.

Sincerely,

William E. Hoffman
