Dear Employees:

On behalf of Safe Place and Rape Crisis Center (SPARCC), I would like to thank you and your company for the generous donation of cell phones. These items bring our organization funds that are used to purchase necessary supplies and items for our emergency shelter.

As you know, SPARCC provides a safe haven for families, preventing homelessness and even death. Here at SPARCC, we truly believe that domestic violence can be prevented. SPARCC also promotes a violence-free community through prevention education efforts starting with young children. Last year, SPARCC provided shelter to 191 women and 155 children. Additionally, 6,304 hotline callers were provided with crisis counseling and needs assessments; 1,380 victims received services in our outreach offices, and thousands of school children received prevention education.

We appreciate and thank you for your support. It takes an entire community to make a difference.

Sincerely,

Jessica Hays  
Director of Community Awareness
