Dear Jack:

On behalf of our Board of Directors, management and staff, please accept my sincerest appreciation for the John Cox Community Partner of the Year award. It was truly an honor to hear our name called at the EDC Hall of Fame luncheon and a genuinely unexpected surprise.

It's rare that our work in the community is so notably recognized. Without your guidance, we would have missed the opportunity to tell our story to such a broad audience. The video will serve us well as we continue to provide important treatment services to those in recovery.

Very best regards,
